Budget Copies Must Be Available at Public Libraries and on District Website

Special Edition Newsletter

March 19, 2009

A few days ago, we alerted you to the fact that a new law requires a school district to notify its residents of the existence of a tax exemption report in its annual meeting notice. You should also be aware that another ***new law requires that each school district have a copy of its budget available to the public on its website (if one exists) and at every public or free association library within the District.*** These copies must be in place at least seven days before the budget hearing. Please pass this information along to your District Clerk and/or any other personnel directly involved in disseminating your District's budget information.

If you have any questions about this new requirement, please feel free to contact us at 315-437-7600.
